

**Our FSC® certified range of wooden boats, cones & cups add a natural yet premium feel to your food service. This range consists of three shapes in various sizes to meet the needs of any occasion.**

Ideal for use in many applications such as canapes, street food, sampling and buffets, these boats, cones & cups are crafted from Poplar wood sourced from responsibly managed forests, and are kinder to the planet. This range is fully biodegradable & compostable, with the ability to be disposed of in normal waste streams.

**Made from FSC® certified poplar from responsibly managed forests**
